Plastic Surgery & Med Spa

Spring Forward to Beauty

With spring finally here, it's time to cleanse yourself of any excess. Let us help you shed that dry winter skin and stubborn unwanted fat to get you ready for summer. Read on to learn how you can embrace beauty this spring at [Dr. Jhonny Salomon Plastic Surgery & Med Spa.](#)

It's time to shed that scaly winter skin!

The new [Fractional CO2](#) technology at [Dr. Jhonny Salomon Plastic Surgery & Med Spa](#) is what we're calling the anti-aging breakthrough of the decade! In the past, traditional carbon dioxide laser treatments removed the entire surface of the skin resulting in an extended and painful recovery. While permanent lightening was possible, the healing process was lengthy.

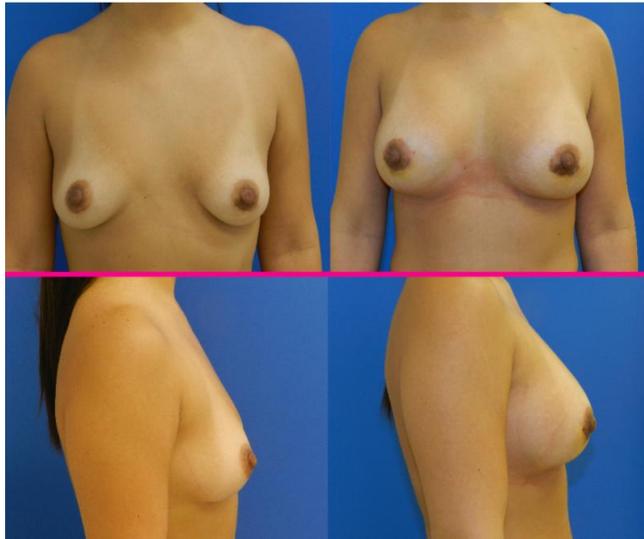

Fractional CO2 combines the effectiveness of traditional CO2 with a new technology to deliver powerful results without the harsh side effects. By being able

to focus on targeting the specific areas requiring treatment, the recovery time is much shorter than CO2 treatments of the past. The [Fractional CO2](#) treatment reaches these specific areas by using small columns of fractionated energy to ablate areas of damage.

By targeting zones deep in the skin as opposed to the entire skin surface, [Read more....](#)

Surgical Spotlight | Breast Augmentation with Textured Shaped Implant

Breast shape and density vary greatly from woman to woman. It is for this reason that selecting the ideal breast implant be handled with great care. [Dr. Salomon](#) takes necessary time explaining to his patients the benefits of each type of **implant** in order to assist them in selecting the best implant for their needs.

Breasts attain a more gently sloping contour with teardrop breast implants. With shaped or **teardrop implants**, the main area of projection is under the nipple with less volume on the upper area of the breast. These implants are the ideal choice for women who want more naturally shaped teardrop breasts, those with low amounts of breast tissue or who have experienced a mild degree of sagging. Freeze The Fat Away! | CoolFit & CoolCurve

Dr. Jhonny Salomon Plastic Surgery & Med Spa is always seeking to add new advancements to our practice. [CoolSculpting®](#) has proven to be an excellent option for the removal of unwanted fat from small areas and now we've brought it to you for larger areas by introducing CoolFit & CoolCurve. These two new applicators allow patients the opportunity to target larger areas such as the inner/outer thighs, arms, and full abdomen with the [CoolSculpting®](#) technology.

CoolSculpting® is the best, most advanced, non-surgical way to lose those annoying bumps of stubborn fat. This revolutionary technology targets and cools unwanted fat cells in the selected area to induce a noticeable, natural-looking reduction in fat bulges.
